**PLANNING WITH POWER**  
This project is coordinated by Illinois-Indiana Sea Grant and the Purdue University Cooperative Extension Service (CES) as an Indiana educational program that links land use planning with watershed planning at the local level. It is designed to empower communities and local officials to prevent and solve natural resource problems resulting from changing land use in growing watersheds. To order, contact Cindy Salazar, 765-494-3573 or cindy@fnr.purdue.edu. The fact sheets are free and also available on the Planning with Power Web site: [www.planningwithpower.org](http://www.planningwithpower.org)
