The Texas Sea Grant College Program developed this *Guidebook* based on the *Maryland Clean Marina Guidebook* as an example. Financial assistance (50 percent) was provided by the Coastal Coordination Council pursuant to National Oceanic and Atmospheric Administration Award No. NA97O70179. Publication was supported in part by Institutional grant NA16RG1078 to Texas A&M University by the National Sea Grant Office, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

This guidebook is intended as an educational tool for marina operators and boaters. It does not constitute a complete reference to state, federal or local laws. Relying on the information in this book does not provide legal protection. This book may not be relied upon to create a right or benefit substantive or procedural, enforceable at law or in equity by any person.

The Texas Sea Grant College Program, contributing agencies, organizations and individuals cannot assume any liability for the accuracy or completeness of the information in this publication. Inclusion in this book is not an endorsement of the companies listed. Final determination of the proper handling and disposal of waste is the sole responsibility of the generator.

The facilities and services of the Texas Sea Grant College Program are available to all without regard to race, color, religion, sex, age, national origin, or physical or mental ability.

Environmental Permits and Licenses	90
Information Sources	94
TNRCC Regulatory Resources	94
Appendix	
National Management Measures to Control Nonpoint Source Pollution from Marinas and Recreational Boating (DRAFT)	

Acknowledgments

The *Clean Texas Marina Guidebook* was developed from the model produced by the Maryland Clean Marina Initiative and the *Maryland Clean Marina Guidebook* written by Elizabeth Fuller Valentine in association with the Waterways Resources Division of the Maryland Department of Natural Resources based in Annapolis, MD. The Texas Marina Advisory Board, comprised of the following individuals and organizations, actively participated in modifying the Maryland guidebook to fit the Texas boating and marina industry.

Richard Bachman	Seabrook Shipyard, Inc.
Linda Broach	Texas Natural Resource Conservation Commission
Joan Cordes	Lakewood Yacht Club
Barbara Currie	Mother Earth Solutions
Peter Davidson	Corpus Christi Municipal Marina
Dewayne Hollin	Texas Sea Grant College Program
Kathy Jones	Watergate Yachting Center
Rick Lemon	Grandpappy Marina
Julie Massey	Texas Sea Grant/Marine Advisory Service
Robert McElyea	Texas Natural Resource Conservation Commission
Marie Nelson	Galveston Bay Estuary Program
Terri Nicolau	Coastal Bend Bays & Estuaries Program, Inc.
Tolu Okikiolu	Texas Sea Grant College Program
Susan Robinson	U. S. Army Corps of Engineers
Valerie Robinson	Texas Natural Resource Conservation Commission
Jeff Rose	International Marina Group, Inc.
Gene Rutt	Kemah Boardwalk Marina
Gordon Sagebiel	U. S. Army Corps of Engineers
Blake Traudt	Texas General Land Office
Mildred Walker	Lynn Creek Marina
Gilbert Welch	International Marina Group, Inc.
Tony Williams	Texas General Land Office
Ken Zarker	Texas Natural Resource Conservation Commission

The Advisory Board members freely volunteered their time and effort to review and discuss the *Guidebook*. They are truly a knowledgeable and dedicated group.

Draft copies of the *Clean Texas Marina Guidebook* were also

reviewed by other marina industry personnel, including the entire Board of Directors of the Marina Association of Texas, Texas state agency personnel and many additional subject area experts.

The *Guidebook* was designed and published by the Marine Information Services staff of the Texas Sea Grant College Program.
