

# THE COASTAL SOCIETY

## 2006 Conference Proceedings

### TABLE OF CONTENTS

**To Use this Index:** Scroll down or use the bookmarks in the left-hand frame to move to a new location in this index. Click on a [blue paper title](#) to view that paper. To return to this index after viewing a paper, click the PREVIOUS MENU bookmark in the left frame.

<a href="#">Emergency and coastal resource managers working together in hazard mitigation planning: Tools to assist them</a> .....	1
Tashya Allen, IMSG at NOAA Coastal Services Center	
<a href="#">Fisheries and aquaculture in coastal river zoning and planning: Legislating for the coastal city of Dagupan, Philippines</a> .....	4
Merlina Andalecio, IFPDS-CFOS, UP Visayas; Philip Cruz, Cruz Aquaculture Corp.	
<a href="#">The Ohio Watershed Academy: Creating professional development programs for watershed group leaders</a> .....	5
Brad Ashburn, Ohio State University	
<a href="#">A hydrodynamic and water quality model study for the San Juan Bay Estuary system</a> .....	10
Jorge F Bauza-Ortega, San Juan Bay Estuary Program/NEP	
<a href="#">Counting crabs: Institutions, evidence, and persuasion in the Chesapeake Bay</a> .....	11
Betsi Beem, University of Sydney, Australia	
<a href="#">Scoop: Enabling a network of ocean observations for mitigating coastal hazards</a> .....	16
Joanne Bintz, Southeastern University Research Associa	
<a href="#">Access in the southeast: Comparing local approaches to protecting public access</a> .....	22
Amy Blizzard, East Carolina University; Lauriston King, East Carolina University	
<a href="#">TCS Student Leadership Meeting.</a> .....	27
Heather Brandon	
<a href="#">Cars on islands: Do transportation options change behavior?</a> .....	28
Richard Burroughs, University of Rhode Island; Robert Thompson, University of Rhode Island; Tiffany Smythe, University of Rhode Island	
<a href="#">Decentralization of governance</a> .....	29
Richard Burroughs, University of Rhode Island	
<a href="#">Land use at the Port of Seattle: A case study of the proposal to redevelop terminal 46</a> .....	30
Carrie C Byron, University of Washington	
<a href="#">Software tools for coastal-marine ecosystem-based management</a> .....	31
Sarah Carr, NatureServe; Patrick Crist, NatureServe	

<b>Shaping land use in Florida's coastal waterfront communities: Successes and lessons learned in the waterfronts Florida partnership program</b> .....	32
Jennifer Z. Carver, Florida Department of Community Affairs; Nancy Wengel, St. Andrews Waterfronts Project, City of Panama City; Roger B. Allen, Florida Institute for Saltwater Heritage; Lisa Marie Phillips, City of Bradenton Beach	
<b>Avoiding the hardened shoreline: Alternative management approaches for shoreline erosion</b> .....	37
Allison Castellan, NOAA Coastal Programs Division; Kris Wall, NOAA Coastal Programs Division; Peter Slovinsky, Maine Geological Survey; Hugh Shipman, Washington Department of Ecology; Zoe Johnson, Maryland Department of Natural Resources	
<b>Restoration planning for a coastal Oregon estuary: Collaboration between a student technical team and a community advisory committee</b> .....	42
Corrina Cascade Chase, University of Washington	
<b>Geospatial modeling approach for prediction of potential SAV habitat increase with restoration efforts</b> .....	43
Hyun Jung Cho, Jackson State University; Christopher A May, Grand Bay National Estuarine Research Reserve	
<b>Conflicted marine protected areas: Cases from around the world</b> .....	48
Patrick Christie, University of Washington	
<b>Emerging Storm Front: The Language of Science and Politics</b> .....	53
Claire Connolly, Florida State University	
<b>Low impact development (LID): From theory to real world change</b> .....	58
Andrea Cooper, MA Office of Coastal Zone Management	
<b>Healthy Beach Indicators in the U.S.</b> .....	62
Ericka D'Avanzo, Surfrider Foundation	
<b>Hurricanes, land loss and New Orleans: From denial to reality</b> .....	63
Donald Davis, Louisiana State Univ; James Wilkins, Louisiana State Univ; Mike Wascom, Louisiana State University	
<b>Is there something missing here? Closing the gaps between ocean technology, ocean governance and ocean policy</b> .....	71
Suzanne Dobson, National Research Council	
<b>Waterfronts at work: The Massachusetts experience with flexible protectionism</b> .....	72
Dennis W. Ducsik, Mass. Office of Coastal Zone Management	
<b>Emerging issues in ocean zoning policy</b> .....	77
John Alton Duff, EEOS Dept,UMass/Boston	
<b>The Exxon Valdez oil spill: Developing and managing a restoration strategy in a changing ecosystem</b> .....	78
Richard Dworsky, Exxon Valdez Oil Spill Trustee Council	

<b>Release of Data from the U.S. Marine Managed Areas Inventory, 2006</b> .....	79
Arwen Edsall, NOAA, NOS, Special Projects	
<b>An overview of a national initiative: No Adverse Impact (NAI)</b> .....	80
Rod Emmer, ASFPM; Pam Pogue, RI Emerg Mgmt Agency; Maria Honeycutt, URS Corp; Mark Matulik, Dewberry; Eugene Henry, Hillsborough C.	
<b>Environmental Conflict Resolution: New Federal Policy to Guide Agency Engagement</b> .....	85
Michael Eng, U.S. Instit for Environ. Conflict Res.	
<b>Adapting science-based conservation planning for community-based marine conservation in Washington's San Juan Islands</b> .....	86
Kirsten Evans, University of Washington; Jody Kennedy, San Juan Marine Resources Committee; Terrie Klinger, University of Washington; Kit Rawson, The Tulalip Tribes; Jacques White, The Nature Conservancy	
<b>Demand for liquified natural gas development and impacts to ichthyoplankton</b> .....	87
Justin Farrell, Louisiana Sea Grant College Program	
<b>Sustainability certification in community-based fisheries</b> .....	92
Elizabeth Fetherston, The Ocean Conservancy	
<b>"Protecting our children's water": Using collaborative learning to bridge disciplinary, institutional and perceptual barriers to improve coastal watershed management</b> .....	97
Christine Feurt, Wells NERR; Kristen Whiting-Grant, Maine Sea Grant	
<b>Collaborative learning for coastal managers, a new tool for the ecosystem based management toolkit</b> .....	102
Christine Feurt, Wells NERR; Gregg B. Walker, Oregon State University	
<b>Improving the flow: Refining stream restoration in New York</b> .....	103
Amy B. Filipowicz, NY Division of Coastal Resources	
<b>The role of science in coastal land use policy in the southeastern U.S.</b> .....	104
Michael Finewood, University of South Carolina; Braxton Davis, University of South Carolina; Dwayne Porter, University of South Carolina; Emily McDonald, University of South Carolina	
<b>Offshore wind power on the horizon: A new energy frontier for oceans, people, and wildlife</b> .....	108
Jeremy Firestone, University of Delaware; Sandy Butterfield, National Renewal Energy Laboratory; Louis Coakley, FPL Energy; Christina Jarvis, University of Delaware CMS; Jack Clarke, Mass Audubon	
<b>Marine protected area science, assessment and analysis: A coordinated effort on the U.S. west coast</b> .....	113
Sarah Fischer, NOAA National MPA Center	
<b>Practical Decision Support for Recreation and Tourism Management</b> .....	118
Thomas E. Fish, NOAA Coastal Services Center; Christine Denny, Pandion Systems, Inc.	

<b>Show me the money: How to develop a sustainable funding plan for your coastal program</b> .....	123
Karen Fligger, ORISE	
<b>Volunteers make beach nesting bird protection on municipal beaches possible</b> .....	124
Elizabeth Anne Forys, Eckerd College; Monique F. Borboen-Abrams, Saint Petersburg Audubon Society	
<b>Meeting the challenge of providing public access to the shorelines of New Jersey</b> .....	125
Robert Freudenberg, NJ Dept. of Environmental Protection	
<b>We all live downstream: A regional approach to stormwater education for coastal communities</b> .....	126
Karen Fuss, Coastal Carolina University	
<b>The process of co-management and sector allocation in New England: The Cape Cod Commercial Hook Fishermen’s Association and the Chatham gillnetters</b> .....	131
Catherine Fyfe, URI	
<b>Turning tragedy to triumph: Making the most of a rebuilding opportunity for Gulf Coast fisheries</b> .....	132
Monica Galligan, California State University Monterey Bay	
<b>Applying social science to coastal management</b> .....	137
Hansje Gold-Krueck, IMSG @ NOAA Coastal Services Center; Jeffery E. Adkins, NOAA Coastal Services Center; Thomas E. Fish, NOAA Coastal Services Center; Thomas G. Safford, NOAA Coastal Services Center; Barry S. Girsh, IMSG @ NOAA Coastal Services Center	
<b>Agency coordination: Resolving water quality and invasive species policy conflicts</b> ..	140
Jamie Anne Gonzalez, UC Sea Grant Extension Program; Leigh Taylor Johnson, UC Sea Grant Extension Program	
<b>Linking scientific information with coastal resource management decisions framework: St. Lucie estuary, Florida</b> .....	145
Jawed Hameedi, NOAA	
<b>The use of hyperspectral remote sensing to characterize Phragmites australis</b> .....	146
Jacquai Harris, Florida A&M University	
<b>Forecasting of damage level of maritime structures caused by Typhoon 9918 based on MWS method</b> .....	147
RYUSUKE HASHIMURA, Sojo University	
<b>Watershed interactions: Scientists, planners, and the public</b> .....	148
Kathleen Marie Herrmann, University of Washinton	
<b>Regional ocean governance initiatives in the U.S.</b> .....	153
Marc Hershman, School of Marine Affairs U.of Washington	
<b>Learning how to integrate science into state management of rocky shore ecosystems: A case study with Oregon parks and recreation department</b> .....	154
Laurel Hillmann, Oregon Parks & Recreation Department	

<b>Policy implications of recreational demand models: An application to North Carolina beaches</b> .....	155
Paul Hindsley, EAst Carolina University	
<b>Use of remotely sensed imagery for coastal management:A guide for coastal decision makers</b> .....	164
Christine Hladik, Florida A&M University; Katherine Milla, Florida A&M University	
<b>Treading lightly on our oceans:Can the United States balance liquefied natural gas development with sound ocean policy?</b> .....	165
Mark Hodor, NOAA; MaryElliott Rolle, NOAA	
<b>A Snapshot of Worldwide Coastal Activities:Capitalizing on The Global Diversity of Marine Management Solutions.</b> .....	166
Ruth Howell, U of Washington School For Marine Affair	
<b>The National Coastal Databank: Establishing a nationwide repository of data and tools to support USACE's coastal engineering discipline</b> .....	167
Eric Hrnicek, Woolpert, Inc.; Jennifer Colee, USACE Mobile District	
<b>Coastal hazard mitigation: Strategies for new development and disaster recovery</b> .....	172
Dennis John Hwang, Reinwald, O'Connor & Playdon; Lisa Schiavinato, Louisiana Sea Grant	
<b>Evaluating environmental education programs in watersheds: A case study of the Burnt Mill Creek Outreach and Demonstration Project</b> .....	177
Mark Imperial, University of North Carolina Wilmington	
<b>Ocean and coastal governance: Theory and practice</b> .....	180
Mark Imperial, University of North Carolina Wllmington; Timothy Hennessy, University of Rhode Island; Claire Connolly, Florida State University; Donald Robadue, Jr., Coastal Resources Center	
<b>Pursuit of seawater desalination in coastal states</b> .....	182
Anne Isham, University of Massachusetts - Boston	
<b>Waterfront and coastal environments: Competition or complementarity? A key issue for better beach and waterfront management through sustainable conservation and eco-tourism</b> .....	187
Marcin Filip Jedrzejczak, Academy of Ecology and Management	
<b>Integrating science in invasive species and water quality policies</b> .....	188
Leigh Taylor Johnson, University of California Sea Grant Exten; Jamie Anne Gonzalez, University of California Sea Grant Extension	
<b>Strengthening Sea Grant Extension collaborations for integrating science in coastal management</b> .....	193
Leigh Taylor Johnson, University of California Sea Grant Exten; Peter Rappa, University of Hawaii Sea Grant Extension; Thomas Murray, Virginia Institute of Marine Sciences; Michael Klepinger, Michigan Sea Grant Extension	
<b>The rise of a coastal leisure destination: The urban beach of Revere, Massachusetts</b> .	198
Dianna M. Jones, University of Washington	

<b>Ecosystem-based management in Alaskan marine waters</b> .....	203
Jennifer Kassakian, University of Washington; David L. Fluharty, University of Washington	
<b>Developing the framework for the national system of MPAs: An overview and dialogue</b> .....	204
Jonathan Kelsey, NOAA National MPA Center	
<b>Assessing cumulative impacts of shoreline modification</b> .....	205
Ruth Kelty, National Centers for Coastal Ocean Science	
<b>Coastal training to improve small dock and pier management</b> .....	206
Ruth Kelty, National Centers for Coastal Ocean Sci.; Allison Castellon, NOAA's Coastal Program's Division; Christine Feurt, Wells Nat. Estuarine Research Reserve	
<b>Minimizing human health and ecological risks posed by mercury contamination in the Gulf of Mexico</b> .....	207
Ruth Kelty, NOAA Ocean Service; Richard Artz, NOAA Air Resources Laboratory; Russell Callender, NOAA Ocean Service; Leon Cammen, NOAA Sea Grant; Mark Cohen, NOAA Air Resources Laboratory; David Evans, NOAA Ocean Service; Spencer Garrett, NOAA Fisheries Service; Jawed Hameedi, NOAA Ocean Service; Tony Lowery, NOAA Fisheries Service; Gary Matlock, NOAA Ocean Service; Malcolm Meaburn, NOAA Ocean Service	
<b>Tracking Florida's coastal and ocean economy: A tool for evidenced-based solutions</b> .....	208
Judith T. Kildow, Cal State Monterey Bay	
<b>From management toward governance: A review of initial comprehensive, statewide ocean planning efforts in Massachusetts</b> .....	213
Kate Killerlain Morrison, Mass. Office of Coastal Zone Mangement; Susan Snow-Cotter, Mass. Office of Coastal Zone Mgmt.	
<b>Emerging threats to public beach access</b> .....	218
Lauriston R King, East Carolina University; Amy F. Blizzard, East Carolina University	
<b>Topics in ocean and coastal governance</b> .....	222
Lauriston R King, East Carolina University	
<b>The impact of future perspective and job satisfaction on proposed occupational recovery projects in five coastal villages on the Andaman Coast of Thailand</b> ....	223
Dawn M Kotowicz, University of Rhode Island	
<b>The NOAA coastal storms program: Sheltering communities from coastal storms</b> .....	224
Keelin S Kuipers, NOAA	
<b>Coastal management solutions for safer and smarter Gulf communities</b> .....	225
John Kuriawa, NOAA; Josh Lott, NOAA; John Jacob, Texas Coastal Watershed Program; Michael Liffmann, Louisiana Sea Grant; Keelin Kuipers, NOAA	
<b>Improved enforcement and financial support of marine sanctuaries: Perceived factors in eliminating illegal fishing in the Danajon Bank, Philippines</b> .....	230
Karlyn Kari Langjahr, University of Washington	

<b>Characterizing the magnitude and extent of coastal contamination associated with Hurricanes Katrina and Rita</b> .....	235
Gunnar Lauenstein, Nat. Centers for Coastal Ocean Science; Ian Hartwell, Nat. Centers for Coastal Ocean Science; John Christensen, Nat. Centers for Coastal Ocean Science	
<b>Enabling, Acquiring and Managing Public Water Access through Local Government Partnerships:“a regional solution to issues of greater than local concern”</b> .....	236
Lewis Lawrence, Middle Peninsula Planning District Commity	
<b>TOOLS - Maryland’s local natural resource planning toolkit</b> .....	237
Lindsay A. Leiterman, MD Dept. of Natural Resources	
<b>Florida’s clean boating partnership-professionals and the public working together</b> ....	238
Brenda Leonard, Florida Dept Environmental Protection; Maury Kolchakian, Dept Environmental Protection; Susan Kingston, MarineMax	
<b>From the water up: The role of community groups in nearshore resource management</b> .....	243
Vanessa Levesque, ME Coastal Prog. & ME Dept of Marine Res	
<b>Development of sediment criteria regulations for beach fill projects along North Carolina’s Atlantic coast</b> .....	244
Patrick Wayland Limber, North Carolina Div. of Coastal Mgmt; Jeffrey Warren, North Carolina Div. of Coastal Mgmt.	
<b>Rigorous data by regular people: The Coastal Observation and Seabird Survey Team (COASST)</b> .....	249
Kate Litle, School of Marine Affairs, Univ. of WA; Julia K Parrish, SAFS, University of Washington	
<b>Coastal resource management challenges in the 21st century: The role and applications of human dimensions</b> .....	250
David K. Loomis, University of Massachusetts Amherst	
<b>Applying solutions for changing behavior on Aquidneck Island to the metropolitan region of Narragansett Bay, Rhode Island</b> .....	255
Jennifer McCann, URI Coastal Resources Center/Rhode Island; Austin Becker, URI/Coastal Resources Center/Rhode Island; Javier del Castillo, URI/Coastal Resources Center/Rhode Island; Lance Young, Roger Williams University	
<b>Management of groundwater in coastal zones of the southeast and Gulf coast regions of the United States</b> .....	256
Clayton McCoy, East Carolina University	
<b>Design Principles For Maximizing Public Access Along The Shoreline of The San Francisco Bay.</b> .....	261
Brad McCrea, San Francisco Bay Commission (BCDC)	
<b>Meeting the needs of southeastern coastal resource managers through coastal ocean observing systems</b> .....	262
Emily McDonald, University of South Carolina, Baruch Ins; Braxton Davis, University of South Carolina	

<b>Moving toward regional ocean governance: A comparison of national and international cross-jurisdictional models</b> .....	267
Jesse Mechling, NOAA Ecosystem Goal Team	
<b>The 2004 Indian Ocean tsunami: Its impacts on coastal and marine tourism and recovery responses in an affected marine national park, Thailand</b> .....	268
Somrudee Meprasert, Oregon State University	
<b>The public trust doctrine and current issues in coastal management</b> .....	273
Elizabeth Mountz, NOAA; Josh Lott, NOAA OCRM; David Mackey, Ohio Office of Coastal Management; Josh Clemens, MS-AL Sea Grant Legal Center; Janet Freedman (Invited), RI Coastal Resources Management Council	
<b>Strategies for the sustainable solution to the increasing vulnerability of Indian coasts to natural hazards</b> .....	275
Shadananan K Nair, CEREM	
<b>Salva tres palmas: A community-driven effort to protect coastal and marine resources in Rincón, Puerto Rico</b> .....	276
Chad E. Nelsen, Surfrider Foundation	
<b>NOAA's ecosystem approach to management</b> .....	281
Elizabeth Norton, NOAA Ecosystem Goal Team; James Burgess, NOAA Ecosystem Goal Team; John Dunnigan, NOAA Ecosystem Goal Team; Jesse Mechling, NOAA Ecosystem Goal Team	
<b>Is there "energy" to drive ocean management?</b> .....	287
Bill O'Beirne, NOAA's National Ocean Service	
<b>The Coastal Zone Management Act as a model for ecosystem management</b> .....	290
Bill O'Beirne, NOAA National Ocean Service	
<b>Visual impact/visual assessment of coastal development: Development of a management methodology</b> .....	291
Terry Yasuko Ogawa, CT DEP, Office of Long Island Sound Programs	
<b>Integrating coastal and ocean observations into coastal management decisions: Informing the solutions</b> .....	292
Geno Olmi, NOAA Coastal Services Center; Chris Simoniello, Florida Sea Grant Program	
<b>Is the Law in the Way? Commercial Sector Participation in Ecosystem-Based Fishery Management: A Case Study from the Philippines</b> .....	293
Maggie Ostdahl, UW School of Marine Affairs	
<b>Protecting coastal lands with smart growth</b> .....	298
Kol Peterson, EPA	
<b>Planning for the San Francisco Bay area water trail: Issues and opportunities</b> .....	303
Sara E. Polgar, San Francisco Bay Con. and Development Commission.	
<b>From land to sea: Land trusts and marine protection</b> .....	304
Michelle E. Portman, University of Massachusetts, Boston	

<b>Social Ecology And Public Policy: Methods to Create Community-based Approaches to management And Stewardship, a Training Workshop</b> .....	309
Kevin Preister, Ph.D., Center for Social Ecology & Public Policy; James A. Kent, Center for Social Ecology & Public Policy	
<b>Recovery planning in Louisiana: Coastal management aspects &amp; stakeholder participation</b> .....	310
Heidi Recksiek, NOAA Coastal Services Center	
<b>Progress towards integrated coastal and ocean management in Canada: Assessing the role of the Coastal Zone Canada conferences</b> .....	311
Peter Ricketts, UBC Okanagan	
<b>Integrating coastal science and technology to support coastal management needs:The national estuarine research reserve system-wide monitoring program</b> .....	316
Cory Riley, NOAA; Susan White, NOAA, Estuarine Reserve Division	
<b>Research towards sustainable coastal development in Santa Marta, Colombian Caribbean</b> .....	324
Lina Maria Saavedra-Diaz, INTROPIC - Tropical Research Institute; Sandra Patricia Vildary Quiroga, Tropical Research Institute; Jose Ernesto Mancera Pineda, Tropical Research Institute	
<b>Using social science tools to assess state and local needs for storm surge information</b> .....	326
Thomas Safford, NOAA Coastal Services Center; Jennifer Thompson, NOAA Coastal Services Center	
<b>What's mud got to do with it? The murky underwater world of San Francisco Bay</b> .....	331
Korie Schaeffer, National Marine Fisheries Service	
<b>Seagrass salvage and restoration: Partnership with marine contractors and homeowners to recover plant material from permitted impacts</b> .....	334
Eric Schneider, Florida Dept of Environ Prot	
<b>A demonstration of the Alaska Ocean Observing System in Prince William Sound</b> .....	339
G Carl Schoch, Prince William Sound Science Center	
<b>The role of "planned unit developments" in environmental management in the coastal zone</b> .....	340
Katie Semon, University of South Carolina; Braxton Davis, University of South Carolina; Dwayne Porter, Baruch Institute	
<b>Integrating social science into coastal and ocean management</b> .....	345
Avery Sen, NOAA Program Planning & Integration; Peter Wiley, NOAA NOS; Bryan Oles, NOAA; Tom Fish, NOS; Tom Safford, NOS	
<b>Autonomy and the participation of users in local CZM: A knowledge science based approach with a circuit model</b> .....	346
Asami SHIKIDA, Kanazawa Institute of Technology	

<b>An integrated response to coastal hypoxia through coastal ocean observing systems .....</b>	<b>352</b>
Rebecca Shuford, Baruch Institute for Marine and Coastal; Braxton Davis, University of South Carolina; Dwayne Porter, University of South Carolina; Madilyn Fletcher, University of South Carolina; Debra Hernandez, SCDHEC-OCRM; Denise Sanger, SCDHEC-OCRM; George Voulgaris, University of South Carolina; Susan Libes, Coastal Carolina University; Joe Bennett, Coastal Carolina University; Eric Koepfler, Coastal Carolina University; Erik Smith, North Inlet-Winyah Bay NERR, USC	
<b>Dietary habits of diamondback terrapins of Jamaica Bay, New York .....</b>	<b>353</b>
Rafael Sierra, Hofstra University	
<b>Closing the shoreline: The conversion of marinas to private residential developments in the northeastern U.S. ....</b>	<b>354</b>
Tiffany C Smythe, University of Rhode Island	
<b>The Coastal Training Program:A model for promoting informed coastal decisions .....</b>	<b>355</b>
Tabitha Whalen Stadler, Rookery Bay National Estuarine Research; Rosalyn Kilcollins, Apalachicola National Estuarine Research	
<b>How well are Puget Sound shorelines protected?Differences in regulatory protections of puget sound shorelines .....</b>	<b>356</b>
Kathy Taylor, Puget Sound Action Team; Tim Strickler, Puget Sound Action Team; Harriet Beale, Puget Sound Action Team	
<b>Analyzing Changes in Precipitation in the Suwannee River Basin, FL Based on Climate Variability .....</b>	<b>357</b>
Nitesh Tripathi, University of Florida	
<b>Conservation leasing and ownership of submerged lands: New strategies for historical challenges .....</b>	<b>358</b>
Jay Udelhoven, TNC - Global Marine Initiative; Kristen Fletcher, RWU - Marine Affairs Institute; Mike Beck, TNC - Global Marine Initiative	
<b>The Portfields Initiative: Revitalizing port and harbor communities .....</b>	<b>363</b>
Kenneth Walker, NOAA/NOS/OCRM; Brent Ache, NOAA/NOS/OSP	
<b>One-stop shop for shoreline management needs: Alternatives to shoreline hardening .....</b>	<b>368</b>
Kris Wall, NOAA Coastal Programs Division; Allison Castellan, NOAA Coastal Programs Division	
<b>Trash talking: Innovative responses to marine debris .....</b>	<b>369</b>
Kris Wall, NOAA Coastal Programs Division; Carleigh Trappe, NOAA Coastal Programs Division; Sarah Morison, NOAA Office of Response & Restoration	
<b>Integrating ecological, physical, and cultural aspects of Wai`anae, HI, to promote sustainable, community-based resource management .....</b>	<b>374</b>
Bethney Ward, NOAA Coastal Services Center	
<b>Writing on Plywood:Analyzing Hurricane Graffiti in the Southeastern U.S. ....</b>	<b>375</b>
Heather Ward, East Carolina University; Derek Alderman, East Carolina University	

<b>Land use solutions for post-Katrina New Orleans</b> .....	380
Michael Wascom, Department of Environmental Studies, LSU	
<b>Regional ocean information system for the Gulf of Mexico</b> .....	384
Cope M. Willis, NOAA Coastal Services Center; Robert C. Hudson, Photo Science, Inc.	
<b>Comparative oyster management approaches: Saving an endangered species, developing a cash crop, or launching aquaculture</b> .....	387
Andrew C Wilson, Burke & Mayer	
<b>Family pets:Evacuation problems and solutions</b> .....	388
Kenneth Wilson, East Carolina University; Christa Reiser, East Carolina University	
<b>Regional stakeholder perspectives on non-regulatory solutions to marine recreational angling problems in South Carolina</b> .....	393
Kyle M. Woosnam, Clemson University; Laura W. Jodice, Clemson University	
<b>Status of U.S. coral reef protected areas</b> .....	399
Dana Catherine Wusinich-Mendez, NOAA Office of Ocean and Coastal Resource	
<b>Watershed modeling in the St. Jones watershed using SWAT</b> .....	400
Zhiming Yang, Delaware State University
